

surrounding communities to build partnerships. As an advocate for children and people, Edgar wanted to do all he could to assist with increasing community involvement. To that experience he added training that equipped him to adequately assist in every arena of trauma. Edgar is a Trained Advocate of the ACES (Adverse Childhood Experiences) Platform.

Prepped and ready to train and assist, Quitman County became his stomping grounds. Edgar has partnered with The Reclaim Project (The Village), where he also actively serves on the board. Being so familiar with the children of Quitman County, it was in his heart to build a partnership with the Quitman County School District, where he actively participates and trains to better serve the needs of the community. He didn't stop there, he built another bridge that crossed into the Quitman County Fine Arts Program where he actively serves on the Board as well.

Edgar often states, "If you get it in your head, God will bring it out through your hands." So it's no secret why he serves. His purpose, his passion and God's plan are the driving forces behind his Healthy Heart to Hand dedication to children, people and community involvement. To that end, Edgar answered his Pastoral Calling 26 years ago, at the age of 21. Still walking in God's Purpose Placed Plan, he has been serving the Quitman County Community for 25 years as a Pastor. From that day to this, Edgar is the Pastor of the Great View Bible Church in Lambert, Mississippi where he operates in his greatest passion of Leadership and Servitude. It is with a grateful heart that he extends the same grace that he has experienced throughout the trials, transitions and triumphs of sacrifice. Trusting God, Trusting in the process and leaning in the way God leads has been the staple of Edgar's life just as it is stated in Proverbs 3:5-6—Trust in the LORD with all thine heart; and lean not unto thine own understanding. [6] In all thy ways acknowledge him, and he shall direct thy paths.

Madam Speaker, I ask my colleagues to join me in recognizing Edgar Sculark for his dedication to serving his community and this great state.

IN HONOR OF HAROLD L.
CAMERON

HON. JOHN JOYCE

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 12, 2020

Mr. JOYCE of Pennsylvania. Madam Speaker, I rise today to honor Harold L. Cameron of

Huntingdon County for his service in the United States Army. Harold is an outstanding Pennsylvanian, and I am grateful for his service to our nation, the Commonwealth of Pennsylvania, and our community.

In Pennsylvania and across the country, our veterans have served and sacrificed for Americans' freedom and our values. They answered the call to serve and fight for us—at a great cost. Truly, our veterans are the best of America.

In Congress, it is my privilege—and my responsibility—to stand up for those who have served our country in uniform, as well as to recognize these brave Americans. As a nation, we are indebted to them. On behalf of the 13th Congressional District, I thank Harold for his service to our nation and our community.

RECOGNIZING DR. DAVID READY

HON. RAUL RUIZ

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 12, 2020

Mr. RUIZ. Madam Speaker, I rise to recognize my constituent, Palm Springs City Manager Dr. David Ready and congratulate him on his retirement after 35 years of work in local government.

For the last 20 years, Dr. Ready has worked tirelessly to rebuild Palm Springs' reputation as a world-renowned tourism destination, leading the city into an unprecedented economic renaissance. During his tenure as city manager, Palm Springs' sales tax revenues have increased five times, the city has developed 50 neighborhood organizations, and the downtown area has been completely revitalized.

Beyond managing a city budget of \$291 million, Dr. Ready has also ensured that Palm Springs can provide higher-quality services for its residents. Streets and parks are continually improving, historic sites are being preserved, and Palm Springs continues to house its own police department and animal shelter. Further, Dr. Ready's crucial role in developing air service has brought in tremendous revenue from the Palm Springs Airport.

Dr. Ready's leadership has guided Palm Springs through some of its toughest times, including this year's pandemic. When facing a forecasted decrease in tax revenue this year, Dr. Ready worked diligently with the city council to turn a projected deficit of \$15.5 million into a much smaller \$1.2 million. The city is adapting to COVID-19, and we have Dr. Ready's guidance to thank.

Dr. Ready is the longest-serving city manager in the Coachella Valley, and the only city manager in the United States with both a law and doctorate degree. His education has served him well and will continue to guide him as he pursues public administration academic research post-retirement.

Dr. Ready's work has truly been tireless, and he leaves behind a booming Palm Springs that has become revitalized in his hands. He says of his work, "We never lost our focus on how to provide the best services to our community, how to build our economy, how to provide what our community needs." This focus has paid off, and Dr. Ready's legacy will last for generations to come.

On behalf of California's 36th Congressional District, I thank Dr. Ready for his incredible service. I am thrilled to join the City of Palm Springs in celebrating his well-deserved retirement.
